THE KORAXA TECHNOLOGIES PRODUCT & DELIVERY MANIFESTO

1. **Ownership Over Renting:** Every client owns 100% of their IP, source code repositories, and deployment credentials.
2. **Offline-First Resilience:** Sub-second barcode/dish scanning and local SQLite caching guarantee store registers never stop during outages.
3. **Engineered Precision:** Clean 60 FPS interfaces, sub-0.38s scan latency, and zero recurring vendor software tax.
4. **Complete Governance:** Milestone billing, transparent SOW specifications, rigorous UAT sign-offs, and 99.99% uptime SLAs.

MASTER DOCUMENTATION INDEX & EXECUTIVE OVERVIEW

This unified master bundle contains all seven legally binding and technical documents governing the complete project lifecycle:

Section	Document Title & Purpose	Reference Code	Lifecycle Phase
Section 1	**Project Estimation & Commercial Quotation** Detailed Work Breakdown Structure, module estimates, discounts, and payment milestones.	**KTX-EST-2026-089**	Pre-Project Proposal
Section 2	**Master Services Agreement (MSA)** Legally binding master contract with 100% full source code and IP ownership covenant.	**KTX-MSA-2026-CORP**	Contractual Baseline
Section 3	**Statement of Work (SOW)** Granular technical scope, hardware peripheral driver criteria, and acceptance definitions.	**KTX-SOW-2026-089**	Engineering Execution
Section 4	**Project Delivery & Acceptance Certificate** Deliverables audit checklist, UAT verification sign-off, and warranty activation.	**KTX-DEL-2026-089**	Handover & Sign-Off
Section 5	**Service Level Agreement (SLA)** 99.99% cloud uptime guarantee, incident severity matrices, and disaster recovery.	**KTX-SLA-2026-089**	Post-Launch Maintenance
Section 6	**Change Request (CR) Order Form Template** Formal scope variation protocol for schedule, architectural, and commercial adjustments.	**KTX-CR-2026-001**	Scope Management
Section 7	**Commercial GST Tax Invoice Template** Statutory GST tax invoice compliant with Indian tax law (SAC 998314) and bank details.	**KTX-INV-2026-089**	Financial Settlement

LEGAL & STATUTORY GOVERNANCE NOTE

Document Governance Integrity: Each document in this bundle can be executed independently or as part of this unified portfolio. All terms and covenants align with Indian Contract Act 1872, Information Technology Act 2000, and GST statutory norms. Designed and engineered by Startup Owner **K. Midhun** for **Talking Tables**.

SECTION 1: PROJECT ESTIMATION & COMMERCIAL PROPOSAL

1.1 EXECUTIVE SUMMARY & WORK BREAKDOWN STRUCTURE

Talking Tables operates a premium dining and mandi facility beside Vignan University Main Gate, Vadlamudi, requiring sub-second order punch, zero-downtime offline transaction resilience, Epson TM-T82X APD6 thermal printing, and multi-period expense auditing. Engineered by Startup Owner & Lead Architect **K. Midhun**.

Module / Sprint	Technical Scope & Deliverables	Tech Stack	Est. Timeline	Investment (INR)
M1: Core Offline POS Engine	Sub-second dish lookup, local SQLite schema, cart queue, clean bill engine without checkboxes, continuous IDs (TT-001..134), offline cash reconciliation.	HTML5 / Tailwind / JS / SQLite	Week 1 - 2	**INR 85,000.00**
M2: Hardware Peripheral Drivers	Epson TM-T82X APD6 thermal receipt socket pool (66mm safe zone, 203 DPI, 528 dots), 1-bit monochrome logo bitmap, 14mm auto-cutter feed buffer.	Web Print API / APD6 / ESC/POS	Week 2 - 3	**INR 40,000.00**
M3: Seating & Mandi Cabin Mesh	Floor layout matrix: Hall (4 tables + 6 mandi cabins), Container 1 (6 cabins), Container 2 (6 cabins). Real-time cabin occupancy status and dine-in allocation.	IndexedDB / LocalStore / DOM	Week 3 - 4	**INR 75,000.00**
M4: Multi-Period Expenses & PnL	Automated Daily, Monthly, and Yearly operational expenses auditing (Meat, Groceries, Salaries, Gas, Utilities) with date-range financial summaries.	JSON Engine / PnL Matrix	Week 4 - 5	**INR 34,999.00**
M5: Dynamic UPI QR & WhatsApp	Dynamic amount-encoded UPI QR code directly on thermal bill (exact amount), simultaneous local PDF download and instant WhatsApp dispatch (+91 9346477777).	QRCode.js / WhatsApp API / jsPDF	Week 5 - 6	**INR 50,000.00**
M6: Security, UAT & Deploy	Role-Based Access Control, supervisor audit logs, UAT sign-off, on-premise hardware calibration for Epson TM-T82X, zero-cutoff sign-off.	Browser Sandbox / CI/CD	Week 6	**INR 40,000.00**

1.2 COMMERCIAL PROPOSAL & MILESTONE SCHEDULE

Commercial Line Item	Details & Terms	Amount (INR)
Gross Engineering Estimate	Full-scope modules M1 through M6 including hardware peripheral calibration	**INR 3,24,999.00**
Multi-Store Promotional Incentive	Special grant code: RETAILPRO15 (15% enterprise expansion discount)	**-INR 48,750.00**
Net Taxable Project Value	Base engineering fee for 6-week turnkey delivery and 100% IP code transfer	**INR 2,76,249.00**
Goods & Services Tax (GST 18%)	SAC Code: 998314 (Information Technology Software Services) - CGST 9% + SGST 9%	**INR 49,724.82**
TOTAL INVESTMENT (INCL. GST)	**Complete turnkey solution, hardware drivers, and 100% full IP ownership**	**INR 3,25,973.82**

Milestone Stage	Trigger / Verification Deliverable	% Share	Milestone Amount (INR)
M1: Project Inception	Agreement execution, architecture blueprint, initial repo setup & DB schema	30%	**INR 97,792.15**
M2: Core POS & Hardware Alpha	Working offline checkout UI, Epson TM-T82X APD6 80mm driver calibration	30%	**INR 97,792.15**
M3: Multi-Period Sync & Beta	Multi-period expenses engine, dynamic UPI QR generator, WhatsApp dispatch	20%	**INR 65,194.76**
M4: Production Go-Live & Sign-off	Live store counter deployment, staff training, full IP repository handoff	20%	**INR 65,194.76**

COMMERCIAL ACCEPTANCE & AUTHORIZATION SIGN-OFF

STATUTORY CONTRACT COMPLIANCE: This execution page forms an indivisible component of Proposal KTX-EST-2026-089. Conforms with Section 10 of the Indian Contract Act 1872 and Information Technology Act 2000 digital signature norms. Issued at Narasaraopet HQ, Palnadu District, AP.

SECTION 2: MASTER SERVICES AGREEMENT (MSA)

Reference: KTX-MSA-2026-CORP | Legally Binding Master Framework

100% FULL SOURCE CODE & IP OWNERSHIP COVENANT

Section 4 - Unconditional Intellectual Property Transfer: Service Provider covenants and agrees that upon receipt of complete milestone payments stipulated in the associated SOW, Client shall be the sole and exclusive owner of all rights, title, and interest in and to all custom deliverables, source code, database schemas, API connectors, UI/UX designs, and documentation. No recurring vendor tax or seat license fees shall ever be levied. Architected by Startup Owner **K. Midhun**.

1. SCOPE OF SERVICES & SOW HIERARCHY
Service Provider renders custom software engineering services under individual SOWs governed by this Master Agreement.

2. PERFORMANCE STANDARDS
All deliverables conform to enterprise software engineering standards, undergoing automated testing and security audits.

3. COMMERCIAL TERMS & INVOICING
Milestone payments in INR due within 15 days of valid GST tax invoice. Late payments accrue interest at 1.5% per month.

4. INTELLECTUAL PROPERTY & TRANSFER
All custom code created for Client constitutes work-for-hire. 100% full source code ownership transferred on final settlement.

5. CONFIDENTIALITY & NON-DISCLOSURE
Both Parties strictly safeguard all proprietary technical and commercial information for five (5) years.

6. DATA PROTECTION & PRIVACY
Zero-trust security controls, TLS encryption, and client exclusivity over all customer transactional databases.

7. 30-DAY DEFECT LIABILITY WARRANTY
Service Provider provides 30 calendar days of zero-cost bug-fixing warranty commencing on delivery sign-off.

8. LIMITATION OF LIABILITY
Neither party liable for consequential damages. Aggregate liability capped at total fees paid under the relevant SOW.

9. TERM AND TERMINATION
Agreement remains active until terminated with 30 days notice or immediately for uncured material breach.

10. GOVERNING LAW & ARBITRATION
Governed by laws of India. Arbitration seated at Narasaraopet, Palnadu District, Andhra Pradesh.

SECTION 3: STATEMENT OF WORK (SOW)

Reference: KTX-SOW-2026-089 | Technical Scope & Architecture Specification

3.1 SYSTEM DELIVERABLES & TECHNICAL SPECIFICATIONS

Feature Component	Functional & Technical Specification	Acceptance Criteria (DoD)
Offline POS Terminal UI	High-speed item lookup (<400ms), dual search bars (catalog & cart), fast cart operations, clean bill net total without checkboxes, customer mobile/name capture.	Sub-second checkout flow tested with 134 authentic menu dishes. Zero lag on cart transactions.
Hardware Peripherals	Epson TM-T82X APD6 80mm thermal receipt calibration (66mm printable safe zone, 528 dots @ 203 DPI), pure 1-bit solid monochrome logo bitmap, 14mm cut buffer.	Receipt prints with zero right margin cutoff. Logo prints pitch black with high thermal transfer.
Dynamic UPI QR & WhatsApp	Direct client-side QR generator encoding exact bill amount into standard UPI URL, simultaneous local PDF generation and instant WhatsApp dispatch.	Instant camera scanning across GPay, PhonePe, Paytm, CRED. Immediate WhatsApp trigger to +91 9346477777.
Multi-Period Expenses Engine	Granular expense recording across Meat, Groceries, Salaries, LPG Gas, and Utilities. Auto-aggregates Daily, Monthly, and Yearly operational costs.	Accurate multi-period PnL computation filterable across Today, Month, and Full Year 2026.
Floor & Cabin Station Hub	Seating matrix: Hall (4 tables + 6 mandi cabins), Container 1 (6 mandi cabins), Container 2 (6 mandi cabins). Real-time occupied/vacant states.	Accurate visual cabin allocation and real-time station occupancy monitoring.

EXPLICIT BOUNDARIES & SCOPE CONTAINMENT

Explicit Out-of-Scope Items: (a) Supply of physical hardware terminals, monitors, or barcode scanners; (b) Internet service provider (ISP) line troubleshooting; (c) Custom reverse-engineering of unsupported proprietary legacy accounting tools. Designed by Startup Owner & Architect **K. Midhun**.

SECTION 5: SERVICE LEVEL AGREEMENT (SLA)

Reference: KTX-SLA-2026-089 | Maintenance & Support Agreement

99.99% ENTERPRISE UPTIME GUARANTEE

Monthly Uptime Commitment: Service Provider guarantees 99.99% operational availability for offline store billing registers. Local store counters operate 100% uninterrupted in offline-first mode during network disruptions with zero downtime.

Severity Level	Impact Definition & Examples	Initial Response SLA	Workaround / Fix Target
Priority 1 (Critical)	Complete billing counter halt; inability to process thermal receipts or dynamic UPI payments; corruption of transaction ledger.	**< 15 Minutes**	**< 2 Hours**
Priority 2 (Major)	Single terminal glitch (other registers operational); WhatsApp dispatch delayed; thermal print feed lag; degraded dish search speed.	**< 1 Hour**	**< 6 Hours**
Priority 3 (Minor)	Cosmetic dashboard UI inquiries; expense categorization formatting adjustment; general non-urgent configuration questions.	**< 4 Hours**	**< 24 Hours**

5.2 BACKUP POLICY, DISASTER RECOVERY & CONTACT HOTLINES

- **Backups & RPO/RTO:** Local daily encrypted JSON exports, RPO < 1 Hour, RTO < 15 Minutes.
- **Dedicated Hotline:** +91 9491957756 (24/7 WhatsApp emergency channel) | Email: support@koraxa.in.
- **Lead Architect Hotline: K. Midhun** (Direct escalation channel for Talking Tables).
- **On-Premise Dispatch:** 2-hour rapid on-site dispatch window for Vadlamudi & Guntur district.
- **Commercial Retainer:** INR 1,49,999 / year (Includes 20% commitment discount).
